The NAFE summer Board meeting was held on July 22-23, 2006, in Chicago. The minutes of the meeting are posted on the NAFE website and also in this newsletter. What follows is my report and explanation of some of the highlights:

The regional vice-presidents reported on recent NAFE-sponsored sessions at conferences over the past year, and announced upcoming conferences, details of which are given elsewhere in this newsletter.

The Board authorized the Membership Committee to develop a NAFE brochure including a logo.

The Board also authorized creation of an association email list in order to facilitate enhanced communication with members.

Approval was given for the formation of a committee to develop a definition of forensic economics that would be used by the association. [see pg. 5]

A report on the *Journal of Forensic Economics* was presented by co-editor Mike Piette. The greatest continuing challenges include attracting high quality manuscript submissions and obtaining manuscript reviews by referees. Manuscript acceptance rates have dropped from 77.8% in 1999 to the mid-40% level in recent years. The *JFE* was 7 issues behind in 2001 and will be only 2 issues behind after a double issue later this year. This is due both to Special Issues and the work of Jim Rodgers and Bob Male in promoting the legal damages in the states series of papers.

Piette also informed the Board of a letter sent out over his, Steve Shapiro's

and Jack Ward's signatures to Tony Gamboa at Vocational Economics correcting false statements Gamboa had made regarding the peer-review process at the *JFE*. The *JFE* has never abandoned the peer-review process at any time in its history.

By-laws changes presented by the ByLaws Committee were thoroughly discussed by Board. Further recommendations for changes were made. The Committee is expected to report back to the Board in the near future.

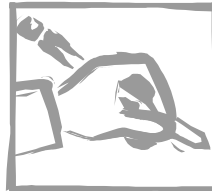

Procedures were agreed upon for holding electronic Board meetings. This was necessary not only to systematize the process currently in use but also to supplement Robert's Rules of Order which do not provide for such meetings.

I want to express my sincerest thanks to each and every member of the Board of Directors for their commitment to and hard work on behalf of NAFE, to all committee members for their volunteer spirit, and to Executive Director George Schieren for making the Board meeting appear to be effortlessly organized.

Finally, I would like to emphasize that our upcoming conferences are a great opportunity for members to present their ideas in the form of a paper presentation. I have found paper deadlines to be good task-masters in getting research projects done. I encourage you to consider presenting a paper or stepping forward to be a discussant. If these are not possible, try to attend as many conferences as possible. The Q&A and dialogues that frequently accompany paper presentations often provide valuable practitioner insights difficult to acquire anywhere else, and the professional ties and personal friendships made are equally invaluable. See you at the meetings!

NAFE Twentieth Anniversary Party DVD Now Available !!

A professional, 100-minute DVD was made of the NAFE Twentieth Anniversary Party in Boston at the 2006 ASSA meetings. It contains both the narrated PowerPoint slide presentation of the 20-year history of NAFE and the video of the less formal awards and war-story session that followed. This is a must-have for everyone who experienced at least some of those twenty years and wants to remember them. For everyone, it is a great record of who we are and where we came from. The comments following the slide show are from some of the true greats of NAFE and include tributes and some very funny routines.

DEFINITION OF FORENSIC ECONOMICS

At the summer board meeting, the board approved the creation of advertising materials for NAFE. One part of those materials is a definition of “forensic economics” that centers on the scope and activities within our discipline. A committee was formed to create the draft definition listed below. The committee would like to get your feedback to its draft definition. If you have ideas for changes, deletions, or additions, please email the committee chair, Kurt Krueger, at Krueger@JohnWardEconomics.com. We are trying to keep the definition broad, but under 100 words.

Draft Definition

Forensic economics is the scientific discipline that applies economic theories and methods to the measurement of pecuniary damages in litigation which are specified by case law and codes. Topics within forensic economics include (1) damages for personal losses such as lost ability to work and damages for commercial losses such as lost profits due to breach in contract; (2) analysis of workers, firms, or markets to either support or rebut damage liability; and, (3) the development and application of generally accepted forensic economic methodology and principles used to produce evidence in litigation.

Minutes of the National Association of Forensic Economics Board of Directors Meeting July 22 – 23, 2006 Chicago, IL (not approved)

Voting members attending: Frank Tinari, Kurt Krueger, Steve Shapiro, Larry Spizman, Beth Gunderson, Ed Foster, and Chris Bruce. Also attending: George Schieren, Jack Ward, Mike Piette, and Gary Skoog.

President Tinari began the meeting at 8:00 am and welcomed everyone.

Schieren presented the minutes from the January 6, 2006 Board meeting. It was moved and seconded (Krueger, Shapiro) **that the minutes be approved with the corrected spelling (Spizman) of “Spizeman.”** The motion passed 7 – yes, 0 – no, 0 – abstain. Schieren presented the minutes from the April 6, 2006 electronic meeting. It was moved and seconded (Krueger, Shapiro) **that the minutes be approved.** The motion passed 7 – yes, 0 – no, 0 – abstain. Schieren presented the minutes from the May 8, 2006 electronic meeting. It was moved and seconded (Krueger, Gunderson) **that the minutes be approved.** The motion passed 7 – yes, 0 – no, 0 – abstain. Schieren presented the minutes from the June 23, 2006 electronic meeting. It was moved and seconded (Krueger, Gunderson) **that the minutes be approved.** The motion passed 7 – yes, 0 – no, 0 – abstain.

Schieren presented the half-year financial report showing net income of \$4,438.64, with a cash, or near-cash, balance of \$205,634.14. He also reported the transfer of funds into a \$100,000 certificate of deposit paying 5.13% interest. As of June 30, 2006, NAFE had 647 memberships and 75 subscribers. It was moved and seconded (Gunderson, Krueger) **that the financial report be accepted.** The motion passed 7 – yes, 0 – no, 0 – abstain.

Krueger reported on the upcoming Southern Economic Association meetings to be held in Charleston, South Carolina on Saturday, November 18. There will be three NAFE sessions with papers, hypothetical testimony outlines, and an international aspect.

Spizman reported on the upcoming Eastern Economic Association meetings to be held in New York City February 23 – 26, 2007. Marc Weinstein is helping organize 3 or 4 sessions.

Foster reported that NAFE will not be participating in the Missouri Valley Economic Association meetings in Minneapolis in 2007.

Bruce reported that approximately 32 people attended the NAFE sessions at the recent Western Economic Association meetings in San Diego, with about 50 people attending the NAFE reception. Tinari congratulated Chris on the good job he did of covering for missing program participants.

Ward reported on the upcoming winter international program being organized by Jim Rodgers. It will be a cruise, and 6 – 7 people have signed up thus far. Ward also reported on the recent spring international program held with 15 participants in Italy. One result of these international programs will be the participation by some international experts at the upcoming ASSA meetings. Also, the journals are getting some good spin-off paper submissions. Next year’s meeting will be in Barcelona, Spain, with the 2008 meeting planned for Istanbul, Turkey.

Gunderson reported on the recent efforts of the Membership Committee (Gunderson, Barry Ben-Zion, Marc Weinstein, and Stephanie Rizzardi Pearson). The committee solicited and received proposals for designing and printing a promotional brochure for NAFE. This brochure, describing NAFE and the benefits of membership, would be distributed at professional meetings and sent to potential members. It could also be sent to non-member attendees at professional meetings, if such lists are compiled at our conference meetings. There was discussion about the possibility of advertising in other journals such as those targeted to Labor or Human Resources. There also was discussion of the need for a NAFE logo. It was moved and seconded (Krueger, Gunderson) **that the Board authorizes the Membership Committee to spend up to \$3000 for brochure development (including logo) and printing.** The motion passed 7 – yes, 0 – no, 0 – abstain. In the discussion of membership, it was pointed out that as of now there is no way to email all the members who have email capability and known addresses. It was moved and seconded (Gunderson, Shapiro) **that an email list of members be created for use by the President to communicate with members.** The motion passed 7 – yes, 0 – no, 0 – abstain. In considering content and uses of promotional material it was suggested that NAFE does not have a working, public definition of what constitutes forensic economics. It was moved and seconded (Krueger, Shapiro) **that the Board authorizes the President to appoint a committee to develop and recommend to the Board a definition of forensic economics to be used by NAFE.** The motion passed 7 – yes, 0 – no, 0 – abstain.

(continued on page 6)

(continued)

Krueger presented the recommendations of the Nominating Committee (Krueger, Will Cobb, Manny Smith, and David Schap). It was the unanimous recommendation of the committee that Bob Bohm be nominated for Southern Vice-President and Gary Albrecht be nominated for At-Large Vice President. It was moved and seconded (Krueger, Gunderson) **that the recommendations of the Nominating Committee be accepted.** The motion passed 7 – yes, 0 – no, 0 – abstain.

There was discussion about a policy for paying honoraria to special participants in NAFE sessions at the ASSA and possibly other meetings. Such honoraria have been paid in the past on an ad hoc basis, with the Board approving each request. The Board felt that because of the multitude of requests and the necessity of timely approval, perhaps there should be a line item in the budget and the President should have limited authority to approve such requests. It was moved and seconded (Shapiro, Bruce) that **the President of NAFE is authorized to pay up to \$500 honorarium per person to conference participants from North America and \$1000 per person for conference participants from outside North America if the participants are not members of NAFE, and are either government employees, or persons with great scholarly achievement, or are international experts, and if the participant's presentation will be of broad interest to the NAFE membership. The total honoraria per year are not to exceed \$3000.** The motion passed 7 – yes, 0 – no, 0 – abstain.

Piette reported on the *Journal of Forensic Economics*. There has been a decline in the number of quality submissions to the *JFE*, with the acceptance rate falling from 77.8% in 1999 to the mid-40% level in recent years. Notwithstanding this decline, the *JFE* was 7 issues behind in 2001 and will be only 2 issues behind after a double issue later this year. This is due mainly to the Special Issues and the work of Jim Rodgers and Bob Male in promoting the legal damages in the states series of papers. At some point in the future these state papers may be bundled into a single book or cd, but the problem of some of the articles containing outdated material by then may be large. Aside from needing quality articles, the other biggest problem is the continuing need for reviewers. Piette reported that these problems also have contributed to the *Journal of Legal Economics* being way behind in issues and not having anything coming out in the near future. He also informed the Board of a letter sent out over his, Steve Shapiro's and Jack Ward's signatures to Tony Gamboa at Vocational Economics correcting false statements Gamboa had made regarding the peer-review process at the *JFE*. He was told directly that the *JFE* has never relinquished the peer-review process at any time in its history.

The report of the Bylaws Committee (Stephen Horner – Chair, Skoog, and Frank Slesnick) was presented by Skoog. In addition to numerous small editorial changes, the committee proposed that the section dealing with quorums at meetings be rewritten to conform to Missouri law (the state in which NAFE is incorporated), the rules governing NAFE meetings be specified as Robert's Rules of Order, provision be made for electronic meetings, and the part of the section dealing with Directors' tenure remove the description of how the terms would go from 2 years to 3 years, since that transition took place a number of years ago. The Board agreed with these proposed changes and found some additional semantic changes. It also had a discussion about the Boards of Editors and their meetings. In light of the additional possible changes, the consensus of the Board was for the Bylaws Committee to consider these possible modifications and submit a new report to the Board for its consideration before submitting any proposed changes to the membership of NAFE.

The Board discussed the issue of procedures to be used to conduct electronic meetings, since this is a relatively new type of meeting. After considering a proposal by Schieren, it was moved and seconded (Krueger, Spizman) that the following be used in conducting electronic meetings:

Procedures for an Electronic Meeting of the NAFE Board of Directors

An electronic meeting will be called by the President using email or telephonic means.

Once a meeting has been called, the President will make every effort to ensure that all Board members are participating and will ascertain which Board members are participating by requiring an electronic/telephonic acknowledgment. The Executive Director normally will serve as recording secretary for the meeting. Other invited parties may participate in discussion during the meeting.

After the participating Board members, and others, have been identified, the President will open the floor for motions.

If a motion is made and seconded, electronic/telephonic discussion of the motion will continue until every Board member has had ample opportunity to have input and respond to other Board members.

After all participating Board members have acknowledged they are finished providing input to the discussion, the President will present the final version of the motion and call for a vote.

The voting will remain open until every participating Board member has voted, either "yes," "no," or "abstain."

The effective date of the meeting will be the day the President opens the floor for motions. The meeting will be adjourned the day the president indicates such.

The motion passed 7 – yes, 0 – no, 0 – abstain.

There was lengthy discussion about possibility and desirability of somehow allowing multiple employees of any organization registered as a member of NAFE to have multiple-member access to the NAFE-L. Since NAFE neither owns nor controls the NAFE-L, it was recognized that this is not a Board decision. However, to facilitate the work of the NAFE-L owners, the Bylaws Committee will consider possible changes that would make such a proposal possible in terms of membership categories.

It was moved and seconded (Gunderson, Spizman) that the Board authorizes the Executive Director and the President-Elect to select the time and place for the 2007 summer Board of Directors' meeting.

Tinari thanked everyone for their hard work preceding and during the weekend. The meeting was adjourned at 10:15 am July 23.

Nomination of Candidates for NAFE Board Positions

At the 2006 summer board meeting, the NAFE Board of Directors approved unanimously the recommendations of the Nominating Committee (composed of Kurt Krueger - Chair, David Schap, Manuel Smith, and Will Cobb). The slate of candidates is listed as the "Board Nominations" on the form below.

Using this form, another candidate can be placed on the ballot. Under the NAFE by-laws, another candidate for a vice-presidential position can be placed on the ballot if forms are submitted by 20 or more NAFE members nominating that candidate. If you wish to propose an alternative nominee for any of the listed slots, send your suggestion(s) using the form below to the NAFE office (P.O. Box 394, Mount Union, PA 17066) postmarked no later than October 1, 2006.

The official ballots will be mailed to NAFE members on or about November 1, 2006. These ballots will contain the names of the candidates recommended by the Nominating Committee and approved by the NAFE Board, and, in addition, any candidates qualified by the petition provisions described in Article Four, Section 2(c) of the NAFE by-laws. Accompanying the ballot will be some information about the professional qualifications and background of each candidate. The ballot will also allow write-ins for each position being filled.

Returned ballots postmarked no later than December 1, 2006, will be counted. The election results will be certified in December by the NAFE Executive Director and announced by the NAFE President at the annual membership meeting, January 2007 in Chicago.

Any questions should be directed to the NAFE office, 866-370-6233, or nancy@nafe.edu
